

Coronavirus Update, Wednesday, April 15

There are now 78 confirmed cases of Coronavirus in Suwannee County. We are blessed that there continue to be no known cases at Advent Christian Village either with members or staff. With the virus now prevalent in the surrounding communities, however, it is more important than ever that we all follow the directives and orders that have been given.

Please restrict visitors and remain on campus as much as possible. Most essential services are available right here. The Grocer remains open and delivers, as does the Village Pharmacy, or your Service Coordinator can assist with those who use other pharmacies. Phillips Dining Services continue to provide takeout meals and the Clinic is open as well. As a reminder, if you are running a fever or have other symptoms of COVID-19, isolate yourself and call before entering Copeland Medical Center.

We understand the challenges these stay at home orders create. Therefore, the member services office is working on new activities you can participate in from your home. Please watch the Friendly Neighbor News for more information.

We continue to be thankful for volunteers who are making masks for the community. Some are making them for Good Samaritan Center and Dacier Manor while others are making them for you, the membership. If you would like a complimentary mask to wear while out accomplishing essential services; you may obtain one by calling Susie Hudson at the Village Lodge office.

I again want to encourage you that these challenges we face are only for a season and the more we follow the guidelines, the greater the potential for lessening the impact. Please, stay in, restrict visits, if you must go out, and follow safe distancing practices and good hygiene practices.

We will continue to screen staff daily and take their temperature twice each day and to screen vendors and visitors as they come to the campus. Thank you for your patience. As always, for information concerning your personal situation, please contact your service coordinator.
