

## **Coronavirus Update, Tuesday, June 2**

The State of Florida continues under its Phase One plan for reopening. No word has been given on when the next phase will occur, so here at Advent Christian Village we continue to work under the restrictions that have been set forth.

Those over 65 years of age and those with underlying health conditions are to remain in the home as much as possible and avoid interaction with others outside the home. Therefore, ACV remains closed to nonmembers and the services that are offered are for groups of 10 or less and where appropriate distances can be maintained. Masks should be worn for all activities.

As we monitor the services that have reopened and look to expand them, we are also preparing to open additional programs. This week, the Village Library opened and the Saturday Movie Matinee is to begin this week. Ceramics, the Shutterbug class and Pastor Rick's Bible study are also resuming. The Jo Kennon Library is open by reservation only. The Village Church continues to wrestle with how to safely open under the current occupancy limits and restrictions of non-ACV members coming on to campus. A date for public services has not yet been determined.

We understand the desire many have for family to visit and the yearning of some to travel outside of the local area. Travel is still discouraged, but understanding the needs of the community, the staff is working on a case-by-case basis to address needs. For questions related to travel, contact your Service Coordinator.

As we ease restrictions and look at opening areas within the campus, we remind you that the threat of COVID-19 remains. Even though we know of no known cases on the campus, there have been two new cases in Suwannee County since our last report. Total cases to date are now 168.

Please understand that we are working diligently to balance the desires of getting back to a sense of normalcy with the mandates from the state and the special needs of many within the community. We appreciate the spirit in which the community has worked with us on these important issues.

As always, for questions about your particular situation, contact your Service Coordinator. Our next scheduled update will be Friday, June 5.
